John Jay College

*Alfred J. Young Collection, N.Y.C.*

Congratulations on your graduation which makes all of us so proud of you. You have succeeded in achieving a goal you set for yourself which can now become the basis for setting other goals which will bring you, your families and your society the benefits of your education. But there is a balance to be struck between planning for the future and adapting to real opportunities as they come along. Sometimes, it is in daring to face new challenges which we doubt we can handle that we find our finest chances to grow and develop. You have all chosen a field where there are more challenges than solutions, more problems than answers and more opportunities than sacred precedences.

John Jay seeks to continue to support you, encourage you and inform you as the years go by and we hope that you will do the same for your nourishing mother—your alma mater.

—President Gerald W. Lynch

## FENCING

JOHN JAY COLLEGE PRESENTS ITS NEWEST  
PUBLICATION ...

# THE JOHN JAY JOURNALIST

March 9, 1978

## Letters

Bravo and salutations on your first issue of the John Jay Journalist! You did a superb job of capturing the College in its many facets in March 1978. We need you and we welcome you wholeheartedly to the job of reporting the events and people who are John Jay. Your format was professional; your reporting first-rate and your completeness unprecedented. Everyone I spoke to lauded your first issue. I am so pleased that you are committed to a high quality newspaper which will be comprehensive and of the highest quality. The College has developed at this time in its history to the point where it can continue to benefit from "The Lex Review" and "The Week Of" but also learn from a student reported Journalism class which will report the College's activities and thinking.

The College will be the better for your dedication and caring. The College needed you and you responded beautifully. I hope especially that you, the student reporters, will experience growing understanding of yourselves, the College and the world as you work hard to publish this dynamic newspaper.

Gerald W. Lynch, President

### HAIL AND FAREWELL

Regretting the departure and hailing the person of Richard Ward, third vice-president of John Jay College.

Saluting Dick Ward comes easily. He is so much a part of this college. To go in ten years from matriculation as a student to the highest reaches of the administration can hardly be matched.

His student years were alive with initiative and energy. He was a charter member of the Student Council; he was the first editor of *Lex*; a prime mover in the creation of *Justitia*, the college year book. On graduation he was the choice for the college's highest honors, the Leonard E. Riesman Memorial Award, and the Justice Department Fellowship for graduate study at the University of California at Berkeley.

With his graduate work done, Dr. Ward returned to John Jay as a faculty member. He taught and wrote and published; he acted as Coordinator of Student Activities; he formed and coached the varsity baseball team. President Donald Riddle appointed him Dean of Students and Director of the Department of Counseling and Student Life. Dean Ward was crucial in adapting the college to the new open admissions policy.

Promotions brought Dr. Ward to a full professorship in the College's Department of Law, Police Science, and Criminal Justice. He founded the Criminal Justice Center at John Jay; he created the *Law Enforcement News*; he established the John Jay Press.

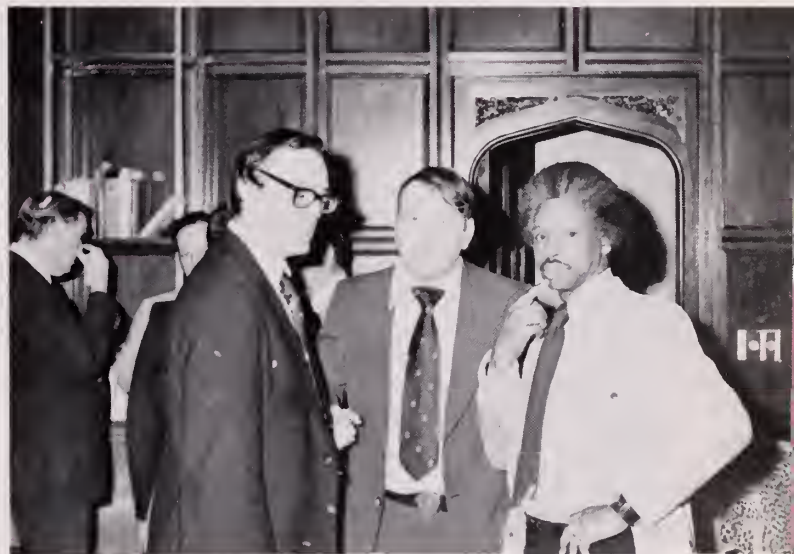

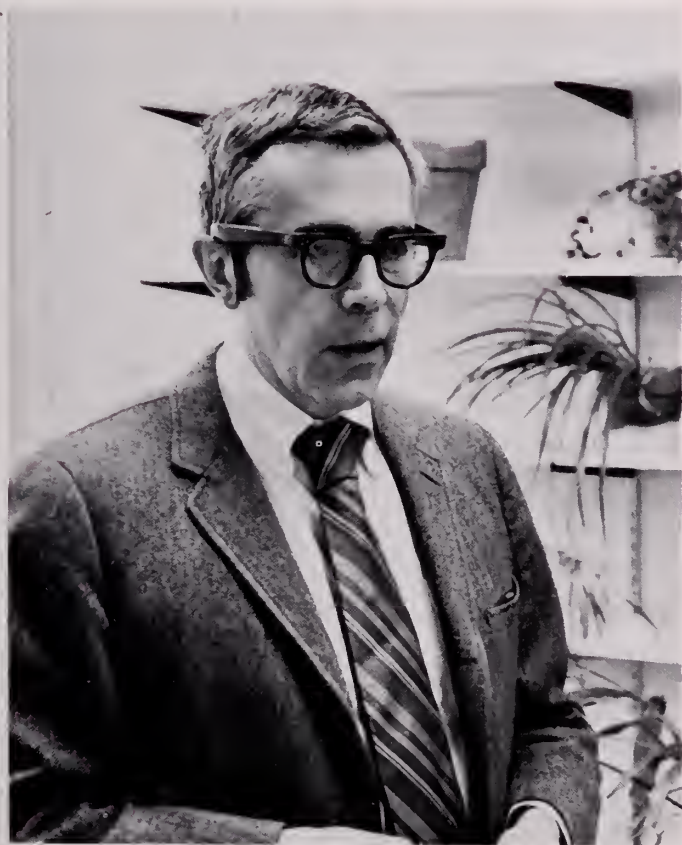

He assumed the vice-presidency of the college. In that office he was pivotal in the triumphant struggle of the College when its autonomy within City University was threatened by the 1975-76 fiscal crisis. He was appointed Director of Graduate Studies in 1977.

He left John Jay College to accept the appointment as Vice-Chancellor of the University of Illinois, Chicago. Farewells come only because they must.

John Jay Press, the first publishing house in the City University, was honored at a party held recently at the college. Under the direction of Mr. Segessman the Press celebrated its beginnings with the release of 3 books ... "Terrorism: Interdisciplinary Perspectives," edited by Yonah Alexander. "The Literature of Police Corruption, Vol. 1, A Guide to Bibliographical and Theory" by Anthony E. Simpson, and the "Novels of Virginia Woolf: From Beginning to End," by Mitchell A. Leaska. More than 150 guests attended in celebration to the start of C.U.N.Y.'s expansive future in publishing.

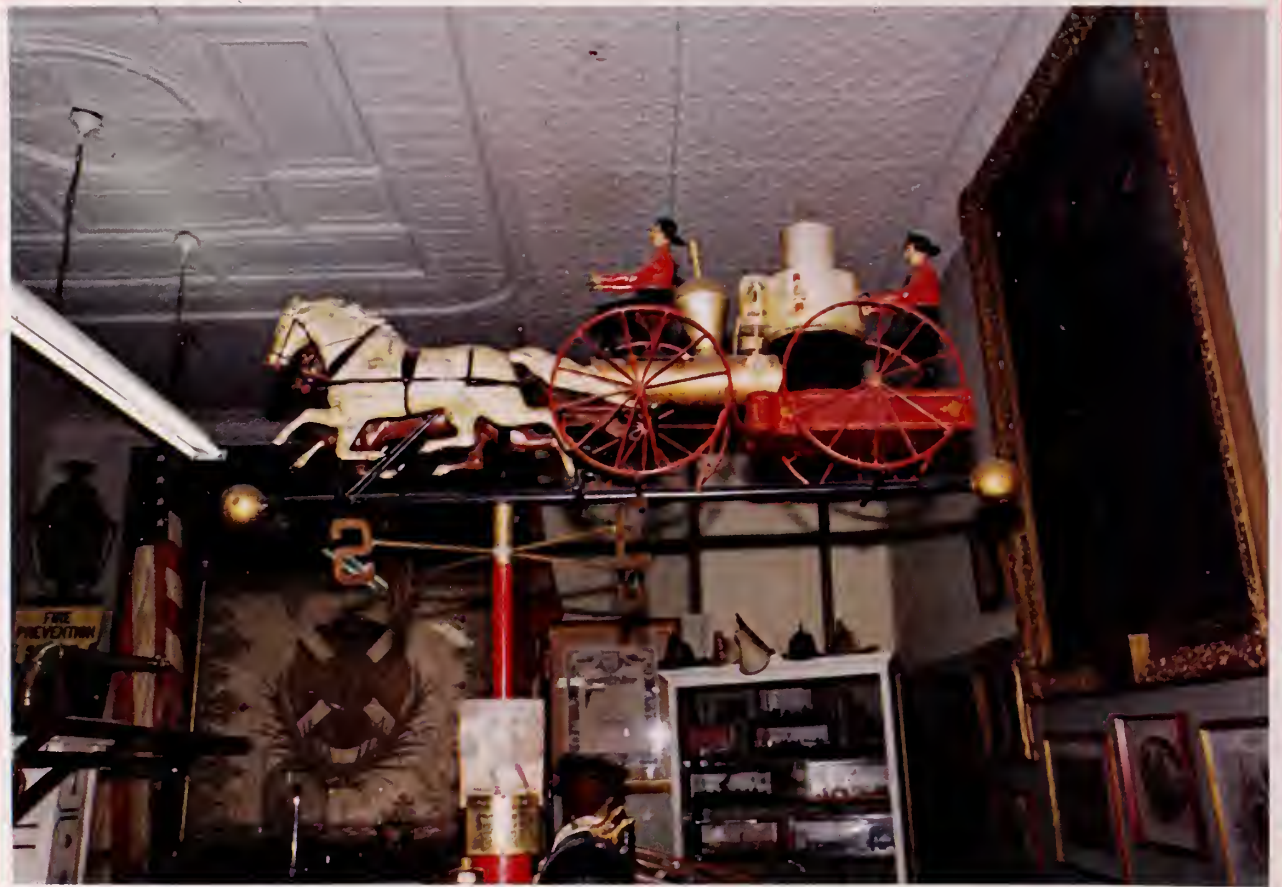

One Police Plaza will be the focus of a new era in police service in New York City. Ten years ago, our police worked in an archaic headquarters building and a score of century-old precinct houses, with an out-moded communications system and manual clerical and record keeping methods. The period that has brought a magnificent new Headquarters has also brought new changes.

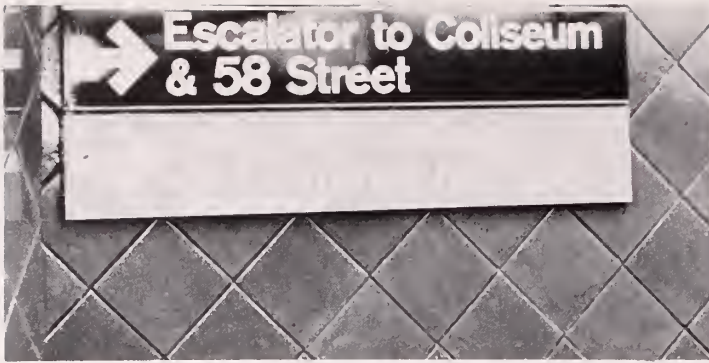

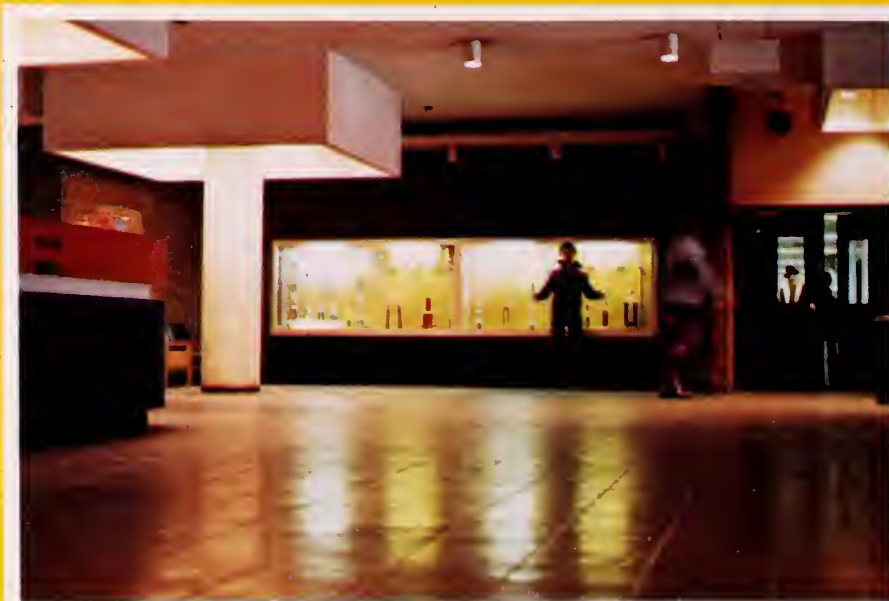

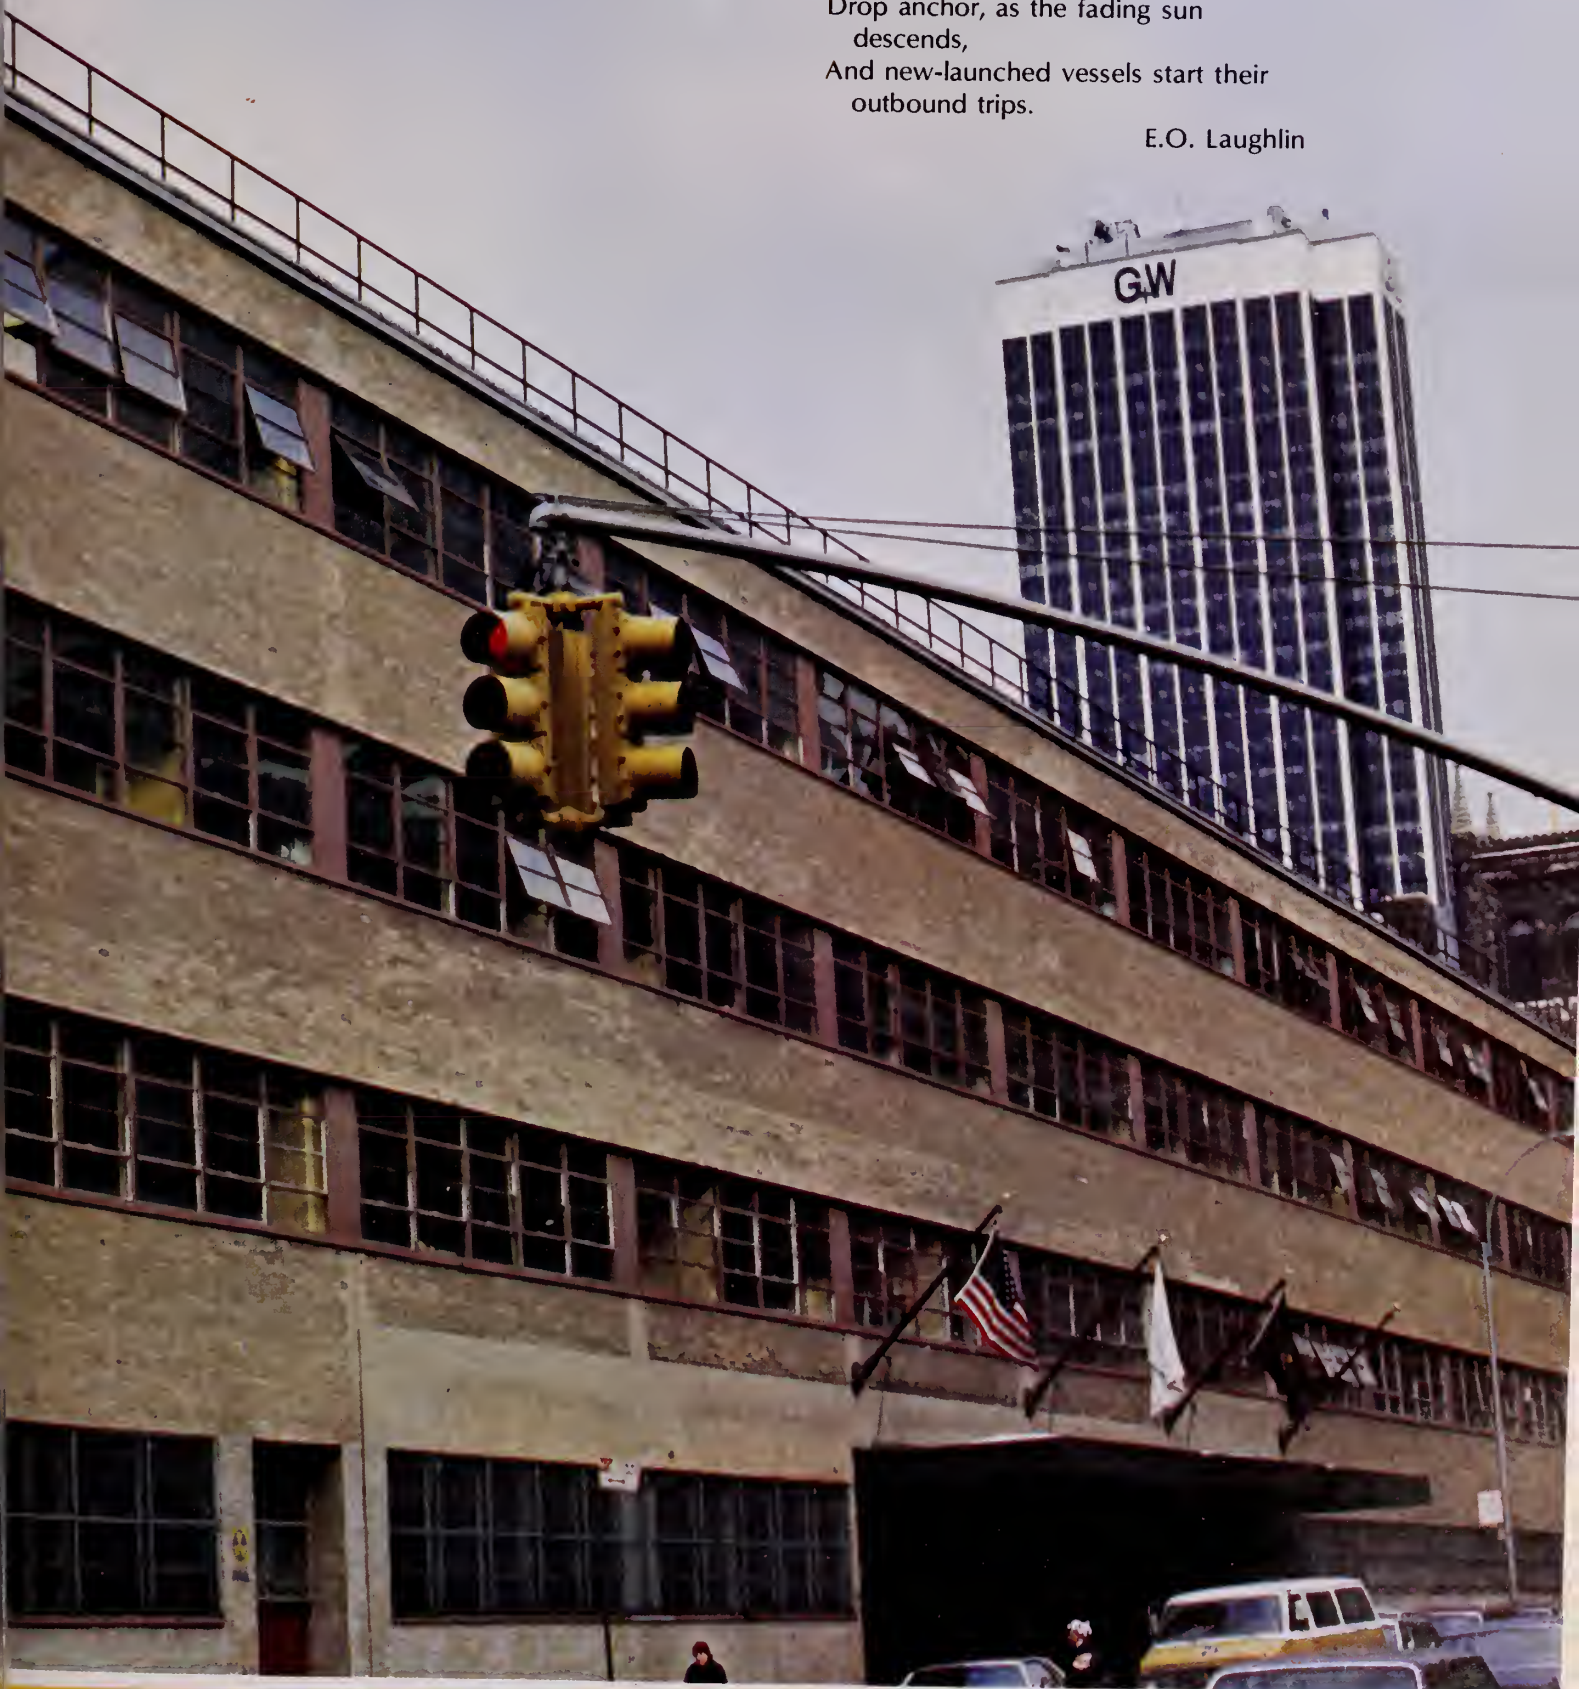

Within these gray walls LIFE begins and  
ends,  
Here, in this harbor, worn, sea-weary  
ships  
Drop anchor, as the fading sun  
descends,  
And new-launched vessels start their  
outbound trips.
